PROJECTS

CUHP APP. Built a Android App to improve the administration and driving innovation in education. Used FireBase as the database and Java for the backend. Used advanced Java features to fetch data from the database.

Key Features:

- Real-Time Updates and Insights.
- User Authentication
- Improved Efficiency

Use Cases: Ideal for students studying in CUHP.

Benefits: Offering comprehensive student resources within a single app, including vital information for prospective students interested in applying to CUHP (Central University of Himachal Pradesh).

Portfolio. Responsive portfolio created using React JS project is a showcase of my skills in front-end development and responsive web design. The project incorporates modern design elements, smooth animations, and optimized performance. [Live](#)

EDUCATION

Master of Computer Application, Central University of Himachal Pradesh 2022 - 2024
Currently pursuing my MCA(Master of Computer Application) from central university of Himachal Pradesh.
Current CGPA : 9.0

Bachelor of Science (Mathematics), Govt. Degree College Dharamshala, Himachal Pradesh 2019 - 2022
Done my B.Sc (Bachelor of Science) in Mathematics from Govt College Dharamshala, Himachal Pradesh.
Percentage : 85%

Senior Secondary Education (XII), Govt. Senior Secondary School Jassur, Himachal Pradesh 2018 - 2019
Done my Senior Secondary Education in Mathematics from Govt Senior Secondary School Jassur, Himachal Pradesh.
Percentage : 90.8%

SKILLS

Programming Languages	C++, Java, C, Java Script, Python
Database	MySQL, FireBase
Libraries and Frameworks	React, Bootstrap, Tailwind
Other	Github, HTML, CSS, Android Studio, PHP

SOLVING CHALLENGES ACROSS PLATFORMS

- I have a passion for solving coding problems and honing my skills in algorithmic **problem-solving**. This drive has led me to actively engage on platforms like **GeeksforGeeks (GFG)** and **LeetCode**. Notably, I hold the **2nd rank** from my university on GFG, reflecting my dedication and proficiency in this domain. Here you can check out my GFG and Leetcode profiles:
 - i. GFG: [GFG Profile](#)
 - ii. Leetcode: [LeetCode Profile](#)
- I've solved a total of **150 LeetCode** problems and **700** problems on **GFG**, showcasing my problem-solving skills across various platforms.
- I've successfully solved **150 POTD** (Problem of the Day) challenges on **GFG** and **130 POTD** challenges on **LeetCode**, consistently sharpening my problem-solving abilities. I have earned 3 milestones on the LeetCode. Additionally, I actively participate in the **weekly contests** on both platforms, showcasing my competitiveness.
